VIVIENNE CAWSON

Vivienne's professional painting career began in 2005, after a career in Textile Design and running an Art and Design department in Further Education for a number of years. She has enjoyed considerable success in exhibiting both locally and nationally.

Having trained as a textile designer, pattern, colour and natural form remain important to her and are the main focus for her compositions. The inspiration for a painting usually begins with the flowers – their colour and shape along with their relationship to fabrics and patterns. She loves the contrast of natural form with geometric pattern. Her aim is not to produce faithful reproductions, but to be inspired by the information in front of her to produce a spontaneous reaction through which she aims to keep her painting alive and fresh.

Using her skills from her time in Further Education, in addition to exhibiting her work, she runs her own watercolour workshops from her studio and many art groups from around the country regularly invite her to demonstrate and lead workshops for them, her workshops for Melbourne Festival have been very popular and great fun.

She is a member of the Leicester Society of Artists (LSA) and an associate member of The Royal Birmingham Society of Artists (ARBSA). Her work has won numerous prizes, the most recent being The Royal Talens award in The Artist Magazine's exhibition at the 2011 Patching's Art and Design Festival.

Vivienne regularly exhibits at Melbourne Festival and at Patchings Art and Design Festival where her work is extremely popular. Prior to this exhibition she recently had a solo exhibition at SOCK Gallery at Loughborough.
